LOUISIANA DOWNS

RACETRACK & CASINO

Louisiana Downs (located on 280 acres near Shreveport in Bossier City, Louisiana) opened on October 30, 1974, with approximately 15,000 fans in attendance for the first day of its inaugural meet. Built by late shopping-center magnate Edward J. DeBartolo Sr., the track was a success from the start. It set numerous national records for handle and attendance throughout the 1970s and '80s. In 1980, plans were announced for the first running of the Super Derby: a 1 1/4-mile race to be run in the fall with the hope of attracting the best three-year-olds in the country and to have an impact on the end-of-year championships. With a \$500,000 purse, the race was the richest ever for three-year-old Thoroughbreds.

With Thoroughbred racing every May through September and Quarter Horse racing from January through March, there is no shortage of live horse racing action. Throughout the year, you can test your handicapping skills as you watch and wager on live horse racing from racetracks around the world in our simulcast facilities.

Gratuity will be added to parties of 8 or more. A service charge of \$1 will be added for all TO GO orders.
